<p><b><i>Medicare and TRICARE pay only for medically necessary skilled nursing facility care. Skilled care is available only for a short time after a hospitalization and is given when you need skilled nursing or rehabilitation staff to manage, observe, and evaluate your care. Custodial care is non-skilled, personal care, such as help with activities of daily living like bathing, dressing, eating, getting in or out of bed or chair, moving around, and using the bathroom. Medicare and TRICARE don't pay for custodial care.</i></b></p>

<sup>1</sup> Medicare will make payments based on Medicare approved amounts for Medicare-covered services received from providers who accept Medicare assignment.

<sup>2</sup> TRICARE will pay your Medicare deductible and copays/cost shares for TRICARE-covered services. If you use a provider who doesn't accept Medicare assignment, TRICARE will pay up to 15% over the Medicare approved amount.

<sup>3</sup> During a fiscal year (Oct 1 - Sept 30), the most you will spend out-of-pocket for TRICARE-covered services and supplies is your catastrophic cap (\$1,000 for active duty family members/\$3,000 for other than active duty family members). If you meet your fiscal year catastrophic cap, TRICARE will pay the allowable amount in full for medically necessary covered services and supplies for the remainder of the fiscal year.

<sup>4</sup> These Medicare amounts are for 2010, and may change on January 1<sup>st</sup> of each year.

<sup>5</sup> A benefit period begins the day you go into a hospital or skilled nursing facility. The benefit period ends when you haven't received any hospital care (or skilled care in a skilled nursing facility) for 60 days in a row. If you go into a hospital or a skilled nursing facility after one benefit period has ended, a new benefit period begins. The Medicare inpatient hospital deductible applies for each benefit period. There's no limit to the number of benefit periods.

<sup>6</sup> Lifetime Reserve days (91-150) are the 60 days that Medicare will pay for when you are in a hospital more than 90 consecutive days during a benefit period. Once these 60 reserve days are used, you don't get any more extra days during your lifetime.

<sup>7</sup> Unless a new benefit period begins, Medicare will no longer make payments.

<sup>8</sup> A TRICARE network hospital has a contractual agreement with TRICARE.

<sup>9</sup> The Diagnosis Related Group is used to calculate reimbursement to the hospital. The Diagnosis Related Group per diem rate may change every fiscal year.

<sup>10</sup> There is a lifetime maximum of 190 days on inpatient psychiatric hospital services. Once you receive benefits for 190 days of care in a psychiatric hospital, Medicare will no longer cover psychiatric hospitalization. The lifetime maximum applies only to services provided within freestanding psychiatric facilities.
